

WORLD OF RADIO #948, produced July 8, 1998 by Glenn Hauser

- *New Extra-25 produced and distributed; release late July?
- *New Continent of Media produced for RFPI; starting July 17?
- *RFPI's new 42-mb frequency well heard in Germany during Continent of Media UT Sat [not Sunday as I said] 0330, same time as WOR on WRN/Astra
- *Also too well heard in Tasmania, which asked RFPI to move; now on 6975 ex-6980
- *RFPI plans live stream of all programming on Internet by yearend
- *Last week on WGTG 5085 we were on at 0500 UT Sun instead of Sat 2330
- *WSUI 910 will be non-directional at night for 3 months including WOR Sunday 10:30 pm Central; try if you could not get it before
- *Spectrum vaguely plans to return in fall on WGTG-2
- *WWCR filled time with awful rock program
- *Other WWCR programs have fewer airings: Rock the Universe, Ken's Country Classics, Old Record Shop, President & Republicans, Golden Age of Radio
- *VOA Communications World swapped times on Sat: C 1936, B 2136
- *July 18-19, USS Salem special ham event with 15 ships contacting; <http://www.uss-salem.org>
- *KHBI Saipan finally being sold to Radio Free Asia
- *Selling off Darwin transmitters still not final
- *Radio Australia's Feedback easy to hear again on 21740; some planned frequency changes did not happen
- *Hancock's Half Hour, BBC comedy via RealAudio <http://www.rnz.co.uk> and a new book on the late Hancock
- *La Voz Cristiana, Chile activates two more frequencies, one clashing with New Zealand
- *Paraguay says it will have external service in English et al.
- *RN - Bonaire transmitter spluttering all over the 13m band
- *This and other splutter cases may be caused by the Orban 9105a audio processor, which many stations started using in 1996
- *Via SW, FM, AM, Cable, satellite, internet, W.O.R. 948, Box 1684, Enid, OK 73702, USA; wghauser@hotmail.com; fax if really necessary: 1-580-233-2948 attn Hauser; check website for info on all our shows and pubs: <http://www.angelfire.com/ok/worldofradio>
- *Tip for Rational Living
- *Portugal heard much later on 21 MHz, new 13 MHz to Americas
- *European Ch E2 video buzz on 48 MHz heard in Illinois
- *British FM station heard on USB 22 MHz
- *BBC WS previews: The World Lectures; Meridian Live; Broadway Musicals; Performance; Letters from Britain; In Good Voice
- *R. Prague gets reprieve through end of 1999
- *ORF Austria buying new 100 kW transmitters
- *Deutsche Welle plans to reduce staff further by a total of 536
- *Voice of Russia cancelling 30 foreign announcers' contracts;

comments to letters@vor.ru

- *Tajikistan heard on 18 MHz and other harmonics
- *Sri Lanka Broadcasting Corp. has new website with RA links:
<http://www.infolanka.com/people/sisira/slbc.html>
- *Voice of Mongolia audible some days in North America
- *R. Thailand in English to North America
- *Proposal that R. Republik Indonesia become public broadcaster
like ABC, BBC, CBC
- *With Abiola's death, monitor V. of Nigeria and oppositions
- *R. NADECO dropped by WWCR, lacking any new material
- *Wednesday WHRA broadcast is Ogene Ndigbo Radio, Box 91425,
Washington, DC 20059
- *CBC and RCI ended C'est la vie, replaced by The Vestibules;
other 2330 summer features; Vinyl Cafe now on RCI instead of
CFN; and within This Morning a First Nations parody every
weekday, Dead Dog Cafe Comedy Hour
- *Another new X-band station, WMDM, 1690, in Maryland
- *Friends of the Earth Calendar for the New Era holding
collective meditation for July 20 anniversary of first walk
on the Moon; see <http://oasi.asti.it/Homes/eudemonia/calene.htm>
- *Radio Shack sold out of weather radios
- *Universal Radio has new catalog; \$1 by first class or 5 IRCs:
6830 Americana Pkwy, Reynoldsburg, OH 43068
- *Propagation outlook from Boulder issued July 7, flux peak 128
- *Concludes W.O.R. 948; our website again
- *Glenn Hauser, inviting you back next week
